

CHANGE IN CLUBS QUALIFYING GNOT TEAMS FOR THE METRO FINALS

The BAWA Tournament Committee has agreed to a change in the way that clubs qualifying teams to play in the Metro Finals.

Previously the number of teams that could qualify for the Metro Final was based on a factor of five. 2-5 teams playing in their club's heats resulted in 1 team qualifying for the Metro Finals. 6-10 teams playing in their club's heats could qualify 2 teams etc.

This year the BAWA TC has relaxed the qualifying guidelines to a factor of three. So 2/3 teams playing in their club's heats will still qualify 1 team for the Metro Final, but 4-6 teams will qualify 2 teams, 7-9 teams will qualify 3 teams etc.
